

HUN EMPEROR TRIUMPHANTLY ENTERS CITY RECAPTURED

Vienna Report Says Fleeing Italians Plundered and Destroyed It and Carried off Inhabitants

PLIGHT OF GENERAL CADORNA IS SERIOUS

United States Decides To Go To Help of Stricken Country and Will Divert Supplies and Ammunition

NEW YORK, October 31—(Associated Press)—Emperor Charles of Austria entered the recaptured city of Gorizia in triumph yesterday, riding through lines of cheering troops, according to a Vienna despatch received last night by way of Amsterdam.

Simultaneous with the triumphant entry of the Austrian Emperor into the city which has been described in the Italian communiques as the key to Trieste, enthusiastic, patriotic demonstrations were held in Vienna and Berlin, which capitals were gayly decorated for the occasion.

CITY DESTROYED

Gorizia, according to the Vienna despatches, was first plundered by the retreating Italians and then practically destroyed. When the center army of General Cadorna's force was retreating it carried away everything of value and also carried off the entire citizen population, which is mainly Italian.

Yesterday, during the celebrations being held in the capitals of the Central Powers, the news of the occupation of Udine, the Italian city which has been the headquarters of the Italian offensive on the Isonzo front, was announced. This added to the patriotic outbursts of the people and was taken as clinching the Italian defeat and ensuring the safety of Austria's western boundary for the balance of the war.

HUN ADVANCE DELAYED

Italian despatches state that the situation is somewhat improved. The flooded Tagliamento River is delaying the progress of the German advance into Italy and giving the retreating troops an opportunity to reform for the defense of Venetian soil. Rome also reports that none of the British batteries sent to the Italian front last May has been lost, the guns being brought back into Italy.

Military critics in London state that if the German advance north, through the Plaecken Pass can keep pace with the advances from the northeast and east, Cadorna's plight is serious and the disaster of last week will be repeated on even a larger scale.

ITALY NOW UNITED

The reverse to Italian arms has brought about the complete wiping out of the political differences which have wracked Rome during the past several months. Yesterday Premier Orlando, who had been called upon by the King to take over the government, announced that he had completed his cabinet and that he had assurances of undivided support in the chamber of deputies.

President Wilson and his cabinet met yesterday in Washington to discuss the Italian situation and consider how best America may aid in the crisis. It was decided immediately to divert all the supplies now at shipping points and destined for Great Britain and France and send these to Italy, a fleet of twenty-five ships being available for the work. It was agreed that munitions and coal are now Italy's most pressing needs.

Basic Sugar Price Set World Will Pay 6.90

NEW YORK, October 31—(Associated Press)—Following a series of conferences, the members of the international commission through which all sugars for export to the Entente Allies are to be purchased has announced its decision regarding prices to be paid at this port.

The basic price set upon 96 degree centrifugals, delivered at this point, duty paid, is 6.90 cents a pound, equivalent to five and seven-eighths cents a pound at Cuban shipping points.

This is the figure at which Cuban raws have been selling in small quantities of late and a slight advance over the prices of three weeks ago, at which time the deadlock between Cuban growers and refiners was brought about by the announcement of the Cubans that they would refuse to abide by the decision of the food administration and would seek independent buyers for their remaining stocks of raws. The Cubans have been holding out for six cent sugar in Cuba.

The international commission, which consists of Sir Joseph White-Todd and John Ramsey Drake, representing the British, and George M. Rolph, Earl D. Babst and William A. Jamison, representing the United States, announced that the prices for points other than New York would be announced at a later date.

KAISER TO DECIDE GERMANY'S POLICY

Tells Reichstag He Will Act At Once and Announcement May Be Made Next Week

COPENHAGEN, October 31—(Associated Press)—Berlin despatches state that the Kaiser has informed the leaders of the Reichstag that he will definitely decide the government's policies at once and that an announcement may be expected early in the coming week. This promise followed an announcement confirming officially the report of the day before that Dr. von Hertling, premier of Bavaria, had been chosen to replace Doctor Michaelis as imperial chancellor.

There was a vigorous debate in the Reichstag yesterday on the general war situation, in the course of which Herr Ledebour stated that Germany's losses to date in the three years of conflict made the appalling total of six millions, killed, wounded and captured. Of these, a million and a half men had been killed, a million and a half had been wounded, and a million and a half had been captured.

A strong movement has been launched to secure from the present political crisis some measure of electoral reform, included in the league at work being a number of prominent state officials. The announced objects of the league are to secure a system of voting approximating universal suffrage and to revive by means of such reforms a unity of national spirit and a movement against any premature peace.

The first American official statement concerning the fighting of Americans in the trenches was printed in German papers today without comment. As a rule, the papers did not include this statement in their regular column of enemy war reports.

The German journals are still endeavoring to adhere to the fiction that the United States is not regarded as a full-fledged member of the group of hostile nations.

TO RAISE RECREATION FUND FOR SOLDIERS

Four Million Dollars Wanted To Provide Amusement

WASHINGTON, October 31—(Associated Press)—The committee in charge of the work of providing recreation facilities for the men of the various training camps will launch a campaign on November 5 for the purpose of raising \$4,000,000, of which the West will be asked to subscribe \$334,000.

Those back of the campaign urge the necessity of offering pleasant amusements for the men in order that vice may be curbed and the pangs of homesickness may be mitigated.

AMBASSADOR MORRIS RECEIVED BY MIKADO

Empress Entertains His Wife During Ceremony

TOKIO, October 31—(Associated Press)—Ambassador Rollo Morris yesterday presented his credentials to the Mikado, who received him with the utmost cordiality. During the ceremony of the imperial reception of the new American ambassador, Mrs. Morris was entertained by the Empress.

JAPANESE SHIPS SUNK

TOKIO, Japan, October 30—(Special Cable to Nippon Jiji)—Two more Japanese freighters, Yoshida Maru and Koya Maru, were today reported to have been torpedoed by Hun U-boats in the Mediterranean. The fate of the crews of the two sunken vessels cannot be learned.

AN IMPROVED QUININE DOES NOT AFFECT THE HEAD

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE will be found better than ordinary Quinine. Does not cause nervousness, nor ringing in the head. Remember, there is only one "Bromo Quinine." The signature of H. W. Grove is on each box.

Millions of Women Sign Pledge To Conserve Food

Total of 2,605,000 Have Already Indicated Determination To Do What They Can To Aid Nation and Cause of Humanity

WASHINGTON, October 31—(Associated Press)—A total of two million, six hundred and five thousand women, heads of American households, have already signed the food conservation pledge, agreeing to do their bit for the Nation and the cause of suffering humanity by using wheat, beef, pork and other exportable food stuff as sparingly as possible and by substituting other food products in their homes.

A total of ten million women will have joined this patriotic army of food conservers before the end of the week, if the goal aimed at by the national food administration is attained. Throughout the Nation thousands are working to impress upon the purchaser of food stuff the absolute necessity of saving along certain lines if the United States is to be able to fulfill its pledges to its Allies and if suffering and starvation in a score of lands is to be even partially relieved.

The House of the Nation are meeting the campaigner's half way and are showing an earnestness in agreeing to the request of the food administration that encourages the workers to expect to enroll a large majority, before the end of the week.

CAPTURE OF MEN OF SEA ADLER CONFIRMED

Captain and Five Sailors of Raider Taken

A PACIFIC PORT, October 31—(Associated Press)—The captain of an arriving steamer from Australia confirms the report recently sent out of the capture by the British authorities of the captain and five members of the crew of the Sea Adler, the German raider lost on Mopela Island.

The men were first reported at Aitutai, Cook Islands, where they arrived around the end of August aboard a trim motor launch, explaining that they were from Honolulu, which port they had left on July 28. They asked numerous questions about the white population of the islands and inquired whether there was a wireless station at Hanga Tonga. The two officers aboard gave contradictory statements as to their destination and suspicion was aroused.

The authorities were notified, with a result that a search was made for the launch and the men captured. Their little craft, a five-tonner, was fitted with a wireless and was well provisioned.

JAPAN WILL HELP US CRUSH GERMANY

NEW YORK, October 31—(Associated Press)—Doctor Masao, head of the Japanese parliamentary commission, speaking at a banquet tendered him and his party by the Japan Society, stated that he could promise, in the name of the Japanese parliament, the fullest cooperation of Japan with the United States until Germany is crushed.

The object of the visit of the parliamentary party to the United States is "to get acquainted," he said.

CONFERENCE AGREES TO UNDERSTANDING

WASHINGTON, October 30—(Associated Press)—The Paris conference of the Allies agreed to a full understanding with the United States. Food supplies is the predominant subject.

CANADIANS DRIVE HUMS BACK FOR IMPORTANT GAIN

Activities in Flanders Yesterday Marked By Strong Advances of British Forces

BERLIN DESPATCHES MAKE COUNTER CLAIM

French Retake Trenches Lost On Verdun Front and Capture Hun Entrenchments Besides

LONDON, October 31—(Associated Press)—British advances along the Ypres-Boulers road yesterday marked yesterday's activities in Flanders. Canadian battalions, which have replaced the Australians and Scotch on this section of the front, went over the top and drove the Germans back for a gain of a thousand yards, the rush bringing them to the outskirts of Passchendaele.

Berlin despatches last night, dealing with this affair, stated that the British had taken Passchendaele but had later been driven back and the town recaptured. This is denied at the war office, where it is stated the Canadians gained their objective, the crest overlooking the town, and that they retained all their gains in the face of severe counter-attacks.

The British actually lost for last week, as announced yesterday, carried 4,001 names—killed, wounded and missing.

Bourr Law, speaking as a member of the war council, declared that peace was not now a matter for discussion. The important thing before the British was war and the steps to be taken to win the great struggle.

STOCK EXCHANGE HIT BY ITALIAN COLLAPSE

Failure To Open Doors On Time Creates Near-Panic

MONTEREAL, Quebec, October 31—(Associated Press)—Failure of the stock exchange to open its doors on time yesterday morning created a near panic in financial circles, many brokers having been caught heavily loaded up with securities which they were desirous of offering.

The Italian collapse has reflected on the value of securities and the market was generally falling. Following an hour of excitement, the exchange was opened, the session being preceded by a statement from the chairman of the exchange that at a meeting of the directors it had been decided to revert to the system of minimum prices which had prevented a general panic at the beginning of the war.

Men of National Army Are Eager To Get To France

WASHINGTON, October 31—(Associated Press)—"I don't care what I do, so I get to France among the first," is the general attitude of the men called to the colors who have been asked to choose what branch of the service they prefer.

Reports were spread by disloyal persons throughout the United States during the Liberty Loan campaign that a large proportion of the men drafted for service did not want to see actual fighting. Secretary Baker's statement effectively proves the falsity of such assertions and demonstrates the loyalty of the men of the National Army and their eagerness to come to grips with the hordes of the Kaiser.

CAN'T COMMANDEER SHIPS, NORWAY CLAIMS

Says They Are Exempt By Old Treaty

WASHINGTON, October 31—(Associated Press)—Norway has made representations to the government of the United States that ships being built for her in this country are exempt from being commandeered, under the treaty of 1827 entered into between the United States and Norway. The state department has the claim under consideration and is expected to decide soon whether or not it has any foundation in fact.

Before war was declared by the United States on Germany Norway had contracted for the building of many ships in this country. Congress recently gave the executive branch of the government authority to commandeer for national purposes any and all vessels building or contracted for in the United States, whether for citizens of this or of other countries.

ALFONSO NAMES NEW PREMIER OF SPAIN

MADRID, October 31—(Associated Press)—Juan Toca, former president of the senate, was called upon by King Alfonso to become premier, in succession to Dato. Toca has accepted the position and is now forming his cabinet.

LEFFINGWELL NAMED TREASURY ASSISTANT

WASHINGTON, D. C., October 30—(Associated Press)—Russell O. Leffingwell was appointed today as assistant secretary of the treasury.

UNITED STATES LOANS \$10,000,000 TO FRANCE

WASHINGTON, October 30—(Associated Press)—The United States today made arrangements to loan another \$10,000,000 to France.

NEW PLANS MADE FOR RUSS DEFENSE

Safety of Petrograd Entrusted To Joint Committee of All Military and Political Elements

PETROGRAD, October 31—(Associated Press)—The defense of Petrograd against possible German attack has been entrusted to a joint military committee, the personnel of which embraces delegates from the soldiers and workers' council and all other military and political elements.

The first move of this committee has been to replace the Cosmacks who have been guarding General Korotkov, with regular infantry. Fears have been expressed that the infantry guards may surrender the leaders of the recent revolt to the vengeance of the populace. Yesterday Foreign Minister Terentchenko of the provisional government, in an address, declared that Russia can not consider a separate peace. Such, he told parliament, is an impossibility. No discussion of accepting German terms can be tolerated, every energy of parliament and of the nation being required now for the national defense.

SHIPBUILDERS TELL OF NEEDED CHANGES

Confer With Council of National Defense

WASHINGTON, October 31—(Associated Press)—Ship builders of the country who are working on vessels for the government held a conference yesterday with the Council of National Defense and asked several important concessions. Among them were the standardization of shipyard wages, the regulation of emergency labor, priority in the obtaining of materials and the arrangement of a permanent policy for the adjustment of unfinished contracts.

FORMER CONGRESSMAN GROSVENOR IS DEAD

Soldier, Author and Statesman Is Mourned

ATHENS, Ohio, October 31—(Associated Press)—Charles Henry Grosvenor, former congressman, soldier and author, died last night, aged eighty-four years. He enlisted as a private in the Eighteenth Ohio Infantry in 1861, by the rank of brigadier general of volunteers, earning his promotion for gallant and meritorious services in a score of battles. He was long prominent in Ohio and national politics. He served in the state legislature and was elected speaker in 1876. From 1886 to 1891 he represented the Eleventh Ohio District in congress, being elected again in 1893, serving until 1907.

He was the author of a number of publications, including "William McKinley, His Life and Works." The late congressman and the late president, the subject of the biography, were close, personal friends.

RAILROAD EQUIPMENT WANTED BY JAPAN

WASHINGTON, October 30—(Associated Press)—Japan's plans for improving her railways were discussed today at a meeting of the Japanese commissioners, Secretary of Commerce Redfield and Daniel Willard, noted railway man and member of the National Council of Defense. The Japanese propose to buy locomotives and equipment in the United States and arrange for 700 miles of double trackage. They also plan to standardize the gauge of their roads.

SWITCHMEN WANT BIG INCREASE IN WAGES

CHICAGO, October 31—(Associated Press)—The Switchmen's Union of North America voted yesterday to submit a demand to the railroads for a fifty percent increase in wages. A large number of railroads are affected.

COLD STORAGE RULES EFFECTIVE TOMORROW

WASHINGTON, D. C., October 30—(Associated Press)—The regulations of the food control officials for cold storage will be effective tomorrow. They require that records of poultry, eggs, butter, lard and frozen fish kept over thirty days must be shown as in cold storage.

DENMARK WILL PERMIT EXPORT OF PORK

COPENHAGEN, October 31—(Associated Press)—Denmark will not forbid the export of pork; it is announced here officially. An agreement satisfactory to both Great Britain and Germany has been reached which will permit the export of the product. It was recently announced that all food exports would be forbidden, the Entente Allies having complained that they were finding their way into Germany.

RODIEK'S TRIAL POSTPONED

SAN FRANCISCO, October 30—(Associated Press)—The trial of Georg Rodiek, former German consul at Honolulu, on a charge of conspiracy in connection with the Indian revolution plot, which was scheduled to open here today, has been postponed until November 20.

MORE THAN BILLION SPENT IN OCTOBER

Expenses of United States Government Fourth Larger Than Those of Great Britain

WASHINGTON, October 31—(Associated Press)—The treasury department announced last night that governmental expenses for the month of October, with some vouchers yet to be presented, have passed the billion mark by forty-three million dollars. The indications are that the total October charges including the loans made during the month to the Allies, for the extension of their American credits, will be \$1,300,000,000.

This is about twenty-five percent more than Great Britain is spending per month on an average, according to figures presented in the house of commons yesterday by Bonar Law, the chancellor of the exchequer. His statement showed that the British, from the first of July to the end of September, expended an average of \$20,000,000 a day, a considerable portion of which, as in the case of the United States, is represented in loans to Allies. The British national debt on September 29, the chancellor stated, was approximately \$25,000,000,000.

SHIPBUILDERS TELL OF NEEDED CHANGES

Confer With Council of National Defense

WASHINGTON, October 31—(Associated Press)—Ship builders of the country who are working on vessels for the government held a conference yesterday with the Council of National Defense and asked several important concessions. Among them were the standardization of shipyard wages, the regulation of emergency labor, priority in the obtaining of materials and the arrangement of a permanent policy for the adjustment of unfinished contracts.

FORMER CONGRESSMAN GROSVENOR IS DEAD

Soldier, Author and Statesman Is Mourned

ATHENS, Ohio, October 31—(Associated Press)—Charles Henry Grosvenor, former congressman, soldier and author, died last night, aged eighty-four years. He enlisted as a private in the Eighteenth Ohio Infantry in 1861, by the rank of brigadier general of volunteers, earning his promotion for gallant and meritorious services in a score of battles. He was long prominent in Ohio and national politics. He served in the state legislature and was elected speaker in 1876. From 1886 to 1891 he represented the Eleventh Ohio District in congress, being elected again in 1893, serving until 1907.

He was the author of a number of publications, including "William McKinley, His Life and Works." The late congressman and the late president, the subject of the biography, were close, personal friends.

NORTHCLIFFE'S PAPER CONDEMNS THE FLEET

Daily Mail Scores Failure To Protect Gulf of Riga

LONDON, October 30—(Associated Press)—The Daily Mail condemns what it calls the failure of the British fleet to prevent the German fleet from becoming master of the Gulf of Riga, and demands that "the Admiralty make an explanation of this humiliating display in the Baltic." After recalling the success of the British submarines against the Germans in the Baltic in the summer and autumn of 1915, the newspaper adds:

"The Germans have accomplished all they were prevented from achieving in 1915, and they have done so without a single blow being struck at them by any arm of the British navy, a navy far stronger than it was two years ago and recently reinforced by the addition of the American fleet."

SAN FRANCISCO WILL FETE CONGRESSMEN

SAN FRANCISCO, October 30—(Associated Press)—San Francisco plans an elaborate entertainment for the congressional party bound for Hawaii when it arrives here today.

CHAMBERLAIN'S COUGH REMEDY

When you have a bad cold you want a remedy that will not only give relief, but effect a prompt and permanent cure, a remedy that is pleasant to take, a remedy that contains nothing injurious. Chamberlain's Cough Remedy meets all these requirements. It acts on Nature's plan, relieves the lungs, aids expectoration, opens the secretions and restores the system to a healthy condition. This remedy has a world wide sale and use, and can always be depended upon. For sale by all dealers. Benson, Smith & Co., Ltd. Agts. for Hawaii.—Advertisement.

PENNIES ARE SCARCE IN NEW YORK CITY

NEW YORK, October 30—(Associated Press)—The metropolis is facing a famine in pennies due to the high cost of living which has resulted in many staples being priced in the old cents.

GENTLE HUMS THOUGHT EASY IN ARGENTINE

So Luxemburg Cabled Berlin, Urging Necessity of Impressing Them By Force

VENEERED INDIANS OF SOUTH AMERICA

Lansing Published More Notes of Envoy Intercepted Off Swedish Wire

WASHINGTON, October 31—(Associated Press)—Supreme contempt for the countries of South America was the attitude of Baron von Luxburg, German minister to Argentina, according to despatches sent by him to his government through his cats-paw, the Swedish chargé d'affaires. "Only Indians under their veneer" was his summarization of the South American peoples. This expression was used by him in one of the despatches which came into the hands of the United States government and which Secretary Lansing made public last night.

With intent to let the American people know the character of the Hunnish race with which they have to deal in this war, Mr. Lansing has recently from time to time made public various of the secret despatches which Luxburg transmitted to his government through the medium of the Swedish representative. Last night he made public two more of them.

EXPECTED TROUBLE

On July 7, long before trouble between Argentina and Germany appeared imminent, Baron Luxburg cabled in a message to Berlin:

"Our attitude toward Brazil has created the impression here that our good nature is to be counted on. This is dangerous for us here in South America where the people, under their veneer of civilization, are only Indians."

"A submarine squadron sent to Argentine waters, with full power given to me to use it as I see fit, would probably still save the situation. I request instructions as to whether, after the rupture comes, the legation shall start for home or remove to Paraguay or Chile."

POLITICAL PLOTS

In another despatch dated August 4, the German minister told his government:

"I am convinced that we can carry through our principal political aims in South America by the maintenance of an open market in Argentina. The reorganization of Brazil can be equally well effected either with Argentina or against her. Please cultivate the friendship of Chile. The announcement that a German submarine squadron was coming to salute the president of that country would even now exercise a decisive influence on the South American situation."

"The prospects for a big wheat harvest in Argentina are excellent."

BRAZIL GETTING READY

Plans for intensive military training of Brazilians were put into effect today, it was learned here. No mobilization will be made, however, though in the south, where the Germans are plentiful, the garrisons are being reinforced. All German newspapers and publications have been seized.

PENNIES ARE SCARCE IN NEW YORK CITY

NEW YORK, October 30—(Associated Press)—The metropolis is facing a famine in pennies due to the high cost of living which has resulted in many staples being priced in the old cents.
